Verse 1:

A Poisoned mind, he came after her  
Running her down, changed how we were  
Ripped from our home, he was taken away  
A hurt young girl went astray

Theme: Shine brightly on me

Verse 2:

Much love at home, yet felt confused  
How to fit in, always on the move?  
Hung with the crowd who took me in  
Substance abuse wooed me in

Theme: Shine brightly on me

Verse 3:

Meth didn't care whose bed I woke in  
Binging I didn't go check in  
She took her life, I felt guilt and shame  
A Godsend held me through the pain

Theme: Shine brightly on me

Chorus:

I know Jesus, He died for me  
His purpose gave me identity, oh  
I let Him save me, clean out my heart  
His love changed me, got a new start

Knew that I needed His Spirit in me  
"Forgive me Lord" and He set me free  
He said "Here I am, oh it's gonna be okay"  
His Brightness sent the darkness away

Theme x2: Shine brightly on me

Bridge:

Blessed more and more as I share my story  
Healing the broken, He deserves all glory  
Shine brightly on me  
Transforming journey, His Word is so near me  
Don't wait too long to trust Him more dearly

Theme: Shine brightly on me

Chorus:

Theme x4: Shine brightly on me

Verse 4:

I followed him, we joined together  
Realised I needed saving forever  
Cried Jesus take my filthy sin  
The One who loved me most entered in

Theme: Shine brightly on me
